Award Date	11/30/2009	Total Number of Payments to Vendors less than \$25,000/award	0
Award Description	The Delaware Department of Technology and Information (DTI) was designated by Govenor Markell as the Delaware entity eligible to receive a federal grant under the National Telecommunications and Information Administration's (NITA) State Broadband Data and Development Grant Program. DTI applied for \$1,069,922 to cover broadband mapping activities for the first 2 years, as well as \$472,811 for broadband planning purposes. DTI will oversee the broadband mapping data collection and verification, including public anchor institution information, and the development of an interactive state broadband inventory mapping system. The resulting data will be presented to NITA per their specifications and also made available to the	Total Amount of Payments to Vendors less than \$25,000/award	0.00

public from a user friendly website. DTI will leverage existing IT infrastructure, and will partner with the University of Delaware's Information for Public Administration (UD-IPA) to achieve the overall NTIA goals. The longer term broadband planning activities will be carried out by DTI in partnership with UD-IPA. Relationships will be built with Technology Planning Teams comprised of representatives from local governments, small businesses, and agricultural communities. These teams will be formed in parallel with mapping activities and will continue for the full 5 years of the program. They will identify (1) broadband best practices for their community; (2) issues affecting the deployment and full use of broadband; and (3) potential projects to expand the use and deployment of broadband in these communities.

Project Information

Project Name or Project/ Program Title	State Broadband Data and Development Grant	Activity Codes (NAICS or NTEE-NPC) (up to 10)
Quarterly Activities/ Project Description	For quarter ending June 30, 2010, the Broadband Mapping Project has continued its momentum in making progress. We fully engaged the vendors, GeoDecisions and University of Delaware, IPA to begin work on the project. For collection of data and field verification of Broadband providers, DTI is using GeoDecisions. For collection of data from Community Anchor Institutions, DTI is using University of Delaware, IPA, Institute of Public Administration. With the exception of one remaining, Broadband Providers have signed Non Disclosure Agreements and data for	Activity Code 1 U03 Activity Code 2 Activity Code 3 Activity Code 4 Activity Code 5 Activity Code 6 Activity Code 7 Activity Code 8 Activity Code 9 Activity Code 10

processing. The Community Anchor Institutions response has been positive for the first data submission. On May 28, 2010, State of Delaware submitted the first data set to NTIA, National Technology and Information Administration. The data was submitted well within our approved Extension Request of May 31, 2010. The Project Manager attended the Broadband Conference on June 22-23, 2010 in Washington DC. We have also began work on the Public Facing website by gathering detailed level business requirements to ensure system design can meet the needs of State of Delaware Citizens.

Project Status Less than 50% completed
